

PROJECT PLAN

Team Name: Mad Labbers

Team Members: Connor, Kristin, Ivan, Jei

Projects Name and Content:

- Mad Libs
- User submits words that go with our prompt (adj, noun, verb, etc.)
- Words submitted will fill in the blanks in a story template.

Summary on how we plan to address details on the problem domain:

- Make a form to collect the users input
- Store users answers
- Make template that allows us to return the stored answers in results page
- Direct user back to start when they finish the game to play again

GROUP AGREEMENT

Communication:

- Be open with each other and be honest
- Check in with each other

Conflict:

- Take breaks
- Work through it!

Work Plan:

- Meetings/products reports every "2" hours
- Group discussion - ask for preferences about tasks

Git Process:

- One person merges
- Two people reviews PR, one of the two people merges

Anything Else?

- If we get stuck: work on it for 15 min before asking for help
- Every hour or so, take a 5 - 10 min break
